

## NOVELTY: foldable palletboxes/ steel reinforced plastic pallet collars with lids

**OUR INNOVATIVE PLASTIC PALLET COLLARS with steel construction** are less expensive and more practical than pallet boxes and other plastic collars.

**outer dimensions:** 1210x810x205  
wall thickness: 24 mm  
weight: 11,5 kg  
hinges: 4

**LID**  
outer dimensions: 1220x820x40 mm  
wall thickness: 4 mm  
weight: 5,5 kg

**STRENGTH** - p18 with collars racks up to 1000 kg of evenly distributed loads, carries up to 1500 kg dynamic loads on fork lifts, and takes static loads of up to 5000 kg on a flat floor surface

**DURABILITY** - our collars have unsurpassed durability, due to steel reinforcement and the choice of raw materials - the PE composite with 30% addition of recycled LLDPE, which has a very high impact resistance also in low temperatures

**PRICE** - low price due to our unique technology of recycling packaging waste materials
